

Camp Living Waters held fun filled reunion

April 25, 2022

Summertime fun and worship was celebrated in February at the fourth annual Camp Living Waters reunion held on February 25, 2022 at St. Alban's Episcopal Church in Arcata.

The participants enjoyed a mini-summer camp with games, music, a nature hike in Arcata Community Forest, mask making, prayer and a wee bit of hijinks. Participants were tested for Covid 19 upon arrival.

This year, Camp Living Waters is July 24 – 29 in Redwood Valley. The theme for this year's camp is Space Camp: To Godfinitly and Beyond. Registration is now open. To register go to the Camp's website www.camplivingwatershumboldt.org. Full COVID 19 vaccination series (including boosters for those eligible) will be required for all attendees.

Camp Living Waters is a week-long Episcopal summer camp. It is a non-profit camp based at St. Alban's parish in Arcata and draws its staff members from the faith communities of the north coast who lead, supervise and encourage campers and counselors.

Its week is based around a daily schedule including crafts, outdoor activities, swimming, Bible discussion, worship and nightly campfire, with additional special activities throughout the week such as stargazing and archery. Campers aged 9 to 15 make new friendships and explore their faith and ask questions; counselors get to do that and learn leadership skills in a supportive atmosphere. The week is spent living and building a Christian community based on the values of love, service and fun.
