

Port O’Pints Announces New Addition to the Family

June 10, 2024

Del Norte County will soon welcome a new entertainment venue at the Crescent City Harbor.

Dr. John Kirk, MD (Obstetrician) and wife Cynthia Parenteau and minority owner Devin Beach will soon add an addition to their family of Port O’Pints.

... But the soon-to-be proud parents have yet to decide on the name of their new baby; Port O’Pints needs your input. An active FaceBook social media page awaits your suggestions.

The new Harbor tenant will take over the old Englund Marine building, 201 Citizens Dock Rd. (Englund Marine built its own facility across the street).

Inside the building are several billiard tables, axe throwing completion lanes, shuffleboard court, lots of state of the art video games, plus plenty of beer and mobile kitchen on site with a great selection of epicurean delicacies. Table seating for 40-60 will also be neatly tucked into the 5400 sq. ft. building.

Recognition and appreciation to both Community Development and the Coastal Commission for prioritizing this most welcome project and addition to Del Norte County.

Target date to open this yet, unnamed entertainment venue is July 3.
