

U.S. Rep. Hoyle requests over \$28 million in funding for 15 local projects

June 4, 2024

Project topics span from public safety, housing, and transportation

Today, U.S. Representative Val Hoyle announced her selected community projects that were submitted to the U.S. House Appropriations Committee as candidates to receive funding for Fiscal Year 2025.

“These 15 projects reflect the priorities of local communities who know their needs best,” said Rep. Hoyle. “If funded, these projects will support the construction of affordable housing, promote workforce development, advance public safety and more.”

Each House Member was allowed to submit 15 Community Projects to be considered for federal funding on behalf of their congressional district to the U.S. House Appropriations Committee. This committee will now begin the work to consider what projects to include in future appropriations bills. The projects the

Congresswoman selected had strong community support and were able to demonstrate to her office their value and benefit to Oregon's Fourth Congressional District.

Below are the projects selected by Congresswoman Val Hoyle for Oregon's Fourth Congressional District in Fiscal Year 2025:
