

Caltrans reopens Highway 199

September 21, 2020

U.S. Route 199 in Del Norte County has reopened to two-way traffic at Gasquet and extending into Oregon.

Caltrans District 1 officials said on their Facebook page this area remains an active fire zone with fire crews on site. Prepare for possible delays as fire conditions are ever changing.

Future short-term closures are planned to safely accommodate fire mitigation efforts.

Caltrans recommends checking quickmap.dot.ca.gov for the latest highway updates before you travel. You can also download the free QuickMap app to your mobile device. Check Caltrans Facebook page for updates.
