

Senator Mike McGuire to hold Town Hall meeting on Toxic Coal Train

May 28, 2022

We wanted to check in on some distressing news and what we can do to work together to stop it.

A recent ruling by federal regulators will give big coal corporations the opportunity to submit a formal proposal to start up a massive Toxic Coal Train in our backyards. This is insane.

Join Senator Mike McGuire and an all-star panel for a Town Hall to discuss the alarming new developments that could advance a dangerous Coal Train project here in Northern California.

Join the conversation and hear more about how we can work together to stop the Toxic Coal Train and to hear about the soon-to-be launched Master Plan process for the Great Redwood Trail.

Here are the Town Hall details:

What: Senator McGuire's Town Hall to Stop the Toxic Coal Train

Date & Time: Join Senator McGuire via livestream video or on the phone, Wednesday, June 1 at 6:30pm.

RSVP and ask a question for the Town Hall presenters by clicking [here](#)!

How to attend: Tune in on June 1 at 6:30pm at <https://sd02.senate.ca.gov/video>. You can also dial in to listen by phone at 1-669-900-6833 and enter the Webinar ID: 872 8641 6921.

Closed captioning will also be available.

Warmest regards,

MIKE McGUIRE

Senator
