

Sutter Coast Receives “Good” Rating on Safety

December 26, 2024

Four hospital campuses in Sutter Health’s not-for-profit system earned a “B” grade (Good) for prioritizing patient safety and helping protect patients from preventable harms and errors.

Sutter Coast was one of the four campuses receiving this recognition.

16 other Sutter sites received “A” ratings (Excellent).

The Leapfrog Group rendered its 2024 Fall results, a survey conducted semi-annually over a decade ago.

The Fall report reveals the entire Sutter network has achieved all “A” and “B” Grades across its system.

The Leapfrog Group is an independent national watchdog organization assigning an “A”, “B”, “C”, “D” or “F” grade to general hospitals across the country based on more than 30 national performances reflecting the systems hospitals have in place to prevent harm, errors, accidents, injuries and infections.

Grades are updated in the fall and spring.
