

Free flu, COVID vaccines available

October 22, 2021

Del Norte County Public Health in collaboration with Del Norte Community Health Center, Yurok Tribe Public Health and United Indian Health Services will be offering free flu and COVID-19 vaccine drive-thru clinics to all eligible residents, including the Pfizer booster.

It is safe to take both the flu and COVID-19 vaccine at the same time. It is important to protect yourself and others from the flu and COVID-19 viruses. Although they are caused by different viruses, they share common symptoms, affect the respiratory system, are contagious, and can cause mild to severe illness.

The vaccines will be provided on a drive-thru basis and no appointment is necessary. Face coverings are required for vaccination. Vaccines will come on a first-come, first served basis. Be sure to wear clothing that allows vaccination to your upper arm. Only children 10 years and older who can sit still in a vehicle will be vaccinated.
