

Darcy Glore wins sixth straight district spelling bee

March 10, 2020

Del Norte Unified School District hosted its annual Spelling Bee March 3. A familiar name was atop the field, as eighth-grader Darcy Glore won for the sixth year in a row in her grade level. She will be moving on to the state competition along with the seventh-grade winner Dave Perreault.

District Spelling Bee co-chair Jamie Cohen said the tournament went better than expected.

“The turnout was great; everybody had a great time. The families were all there to watch the kids compete,” Cohen said. “And the whole thing was facilitated by volunteers. We had a lot of teachers volunteering to make this happen and without them, it wouldn’t have.”

List of winners
