

Celebrating freedom throughout Del Norte County

July 8, 2022

There's more to a July 4 celebration than explosions and fireworks. Musical entertainment was provided along the Third Street "First Friday" event in Crescent City, with various bands along the two-block event. While some artists were making music on Third Street, a family went to the beach and made their own art in a sand castle. See more pictures of the weekend events on Page A10.
