

Wild Rivers Community Foundation seeks submissions for event guide

June 4, 2020

The Wild Rivers Community Foundation seeks submissions for its “Summer By Design” virtual guide to warm-weather fun and activities for Del Norte County’s youth.

The deadline to submit your information is June 10.

If you are still planning a youth event or activity in some form or another under COVID-19 restrictions, please send your information to Building Healthy Communities in Crescent City. Wild Rivers Community Foundation plans to publish the information via social media, its website and email. They may also publish a physical guide that will be distributed throughout the community via the TriPLICATE newspaper.

If you’re in charge of a youth-related summer camp, recreational or educational program, art, music or theater activity, the Wild Rivers Community Foundation wants to hear from you.

Submit the following information along with the event: Name of activity, dates, hours, address, costs and a website or Facebook page. Make sure you include a contact name and phone number.

Email submissions to Scott Graves at sgraves@wildriverscf.org. For more information call the Wild Rivers Community Foundation at (707) 465-1238.
