

Our 6 p.m. COVID-19 Report for Curry & Del Norte counties moves to 8 a.m.

August 10, 2020

Since beginning our 6 p.m. COVID-19 Report for Curry and Del Norte Counties in mid-July we have experienced a number of times when we prepared or published the report only to learn shortly thereafter of new cases in one or both counties.

When we started the report, most news from the counties was coming mid-afternoon, but it has been trending to arriving later in the day and even into the evening.

To avoid wasting precious time, beginning tomorrow (Aug. 11), our report will move to 8 a.m. each day.

Latest COVID-19 news we've reported.

From Friday, Aug. 7:

Curry County reports three new cases

From today:

Del Norte reports 100th positive case
