

January 17th Crescent City Harbor Commission meeting

January 18, 2023

The Crescent City Harbor Commission conducted its bi-weekly Meeting on Tuesday January 17th.

On the Agenda, the Commission appointed Brian Stone and Rick Shepherd to the Klamath Dam Ad Hoc Committee. Commissioner Harry Adams is the alternate. The Ad Hoc Committee will oversee anticipated silt buildup in the Harbor as a result of the removal of the four dams through Yurok Tribal lands.

Harbor Comptroller Thomas Zickergraf delivered recent financial figures to the Commission. Current cash flow to date is \$1.126 million less current expenses, leaving an approximate \$800,000 balance.

The comptroller predicted the Commission will have a \$1 million reserve by the end of the fiscal year, June 30. Commissioners unanimously approved a resolution to submit an application to the California Department of Boating and Waterways, for boat ramp repair resulting from storm damage caused at Whaler Island. The Grant is for \$750,000 and the deadline to submit is February 1. The vote was unanimous.

Public Comments from the audience asked the Commission to request Coast Guard presence again. Another public speaker asked commissioners to take a position and send a letter to the Army Corps of Engineers sharing its position on securing the Jetty from public access.
