

Input sought for wildfire protection plan

July 21, 2020

The Del Norte County FireSafe Council has been working with citizens and fire personnel throughout Del Norte County over the past year to develop an update to the county's Community Wildfire Protection Plan (CWPP) which was last updated in 2005.

The FireSafe Council has now completed a draft of the plan. Citizens are encouraged to review the document online at www.preparedelnorte.com/wildfire-interface and provide public comment by Aug. 1.

Please send all comments to consultant Beverly O'Dea at bevodea@bridgeviewconsulting.org or by calling 253-301-1330.
