

Mural Artist Tells Our Natural History

By ASH WISSLER Mural Artist May 27, 2026

Deep in our forest, filled with lush foliage, aromatic botanicals, glistening reflections, and majestic wildlife, the Redwoods mural comes to life.

Every brush stroke brought with inspiration, Artist Ash Wissler is pleased to bring this piece of Artwork to downtown Crescent City.

The 8ft by 20ft new mural is being painted as a mural installation and will be permanently installed on May 29th at the Mason Mall in the new artistic alleyway.

Wissler was commissioned to create this piece of artwork sponsored by a Crescent City resident and art lover, Kim Cisneros.

The project is supported by the Elk's Valley Artistry non profit, the City of Crescent City, and business owners Kevin & Gayle Hartwick, and Troy & Lezlie Duncan.

The location will be accompanied by a new seashell wings mural by a local artist, as well as a new "Welcome to Downtown Crescent City" mural soon to be painted by artist Wissler, to be located at 983 3rd

street.

She appreciates the opportunity to bring her artwork to the area and looks forward to future projects.

We are hosting a “Redwoods Mural ribbon cutting ceremony” on May 30th at 5pm, at 1080 Mason Mall (3rd Street).

Come see the first peek of the 20-ft artwork, meet the artist, sponsors and business owners. And have a slice of cake to celebrate.
