Rock slide closed US-199 north of Monument; highway reopened

By Nick Maietta November 17, 2026

Rocks cover US-199 north of Monument, at the start of the stretch locals call Serpentine Point.

A rock slide closed both lanes of US-199 north of Monument on Monday morning, the California Highway Patrol's Crescent City office said. The highway has since reopened.

CHP issued the traffic alert at 9:50 a.m. Monday, Nov. 16. The slide came down at what locals know as the beginning of Serpentine Point.

For current highway conditions, call Caltrans at 1-800-427-7623 or visit roads.dot.ca.gov.
