

Lorri Ann Stobert

January 19, 2023

Lorri Ann Stobert, born June 11th, 1960, in Crescent City, California to Ralph and Emma Stobert, passed away in Victorville, California on December 23rd, 2022.

It is with a heavy heart that I'm typing this obituary in honor of my sister, Lorri, who suddenly passed away from pneumonia on December 23rd. Although she was born and raised in the Klamath, Requa, and Crescent City area, she resided in Victorville, California since 1992. However, HOME was always in the REDWOODS... and that is why I'm sending this to the Del Norte Triplicate.

Lorri was well known and very much liked by many, young and old, with a ready smile and welcoming personality. She was fun loving and enjoyed being with friends, playing practical jokes, had a love for animals, and a generous and giving heart. She had many faithful friends because she knew how to be a friend.

When our mom took ill, they moved to be near us in Victorville. It was a move of necessity, as mom had been the manager of The TREES MOTEL for years and loved her position and Lorri, since fifteen had worked at THE TREES OF MYSTERY GIFT SHOP, so leaving Klamath was never their intention.

After resettling in SOCAL, Lorri had various positions in sales, as she dealt well with people and later was offered a job with the elementary school, which she loved. Working with kids was a highlight for her. Lorri's thoughtfulness, caring attitude and kindness was obvious to all. She was a loving person who will be so missed by family and friends.

Unexpectedly, she entered the hospital on the 16th of December diagnosed with pneumonia and was immediately put on a ventilator. Her body was weak, and unable to fight the virus and infections that occurred.

She was sedated so never uncomfortable... for which we are so grateful. On the 23rd, her condition weakened and there was nothing more they could do, as she was not able to breathe without the ventilator and her system began shutting down. We are still trying to accept her loss, as it was so sudden and as everyone knows 'letting go' is never easy.

What makes me smile is the joy and happiness Lorri enjoyed with two little boys of a close friend of hers... They adored her, as she did them. Lorri became like a grandma to these little ones and how they brightened her day.

Lorri will ALWAYS be in the hearts of those that loved her, which include, two nieces, and their husbands, a great niece, several cousins, an aunt and a sister and brother-in-law. As well, as a multitude of friends that were the very best.
