

Letter: Junior high benefits from medical exams

October 3, 2019

Once again, this year I want to extend my sincerest thank you on behalf of the Del Norte County Unified junior high athletic program and junior high athletes.

On Thursday, Sept. 12, Redwood Medical staff Noya, Katie, Alicia, Courtney, Val, Martha, Cat, Jennifer, Barbara, Shelly Babich-PAC, Dr. Donna Sund and Dr. Kevin Caldwell completed 100 free physical examinations.

This extremely generous contribution allowed Del Norte families to arrive without making an appointment for physical examinations and allowed all athletes to start the season on time.

This was a huge help; our staff, guardians and students benefited greatly and wish to thank Redwood Medical for their generous donation. The consideration you have shown to our junior high athletic program this year and in the past is greatly appreciated.

Paige Swan
