

Letter: I'm sick of one-sided government hearings

June 17, 2022

I'm sick of hearings like the stupid Jan. 6 hearings, as well as all the other boring, one-sided meetings we are subjected to: Board of Supervisors, City Council, School Board, Mike McGuire, etc.

I believe the Triplicate should conduct hearings. Roger Gitlin and the other columnist (liberal) could organize these hearings. The hearings could be based on the great new book by Pete Hegseth - Battle for the American Mind. I surely hope everyone watched Hegseth on Mark Levin's Sunday show on Fox. I have ordered Hegseth's book, but I don't think it is actually out yet.
