

Letter: Thank You to CCS

September 27, 2024

On September 1, 2024 at approximately 8:30 am my brother and I had to make the dreaded phone call. My Father, Denny Wayne Haddad who lives with me was missing. He has Alzheimer's.

I want to thank the Crescent City Sheriff's department and their special Search and Rescue unit. Their response time was very impressive. Luckily, he was found within 2 and half hours. He is doing fine.

This is to thank all who responded. And to those who live on Skycrest Drive. Everyone pulled together. I live in one of the best neighborhoods, I can't say enough. He is our dad and we love him very much. All of you are really appreciated.

Guy Haddad
