

Letter: Amusing infighting

December 17, 2022

I admit I receive some giggles and satisfaction watching the buffoonery and infighting coming from the new GOP members of the 118th Congress. The damage the lunatic fringe members of the GOP and their dear leader Trump have done to our country will take years to repair.

At best, their clownish and dangerous antics will only last the two years until 2024 when hopefully the majority of the country banishes them to obscurity where they belong.

So while our country tries to deal with the important issues we face during these next two years, the Keystone Kops of the 118th Congress and their leader, if they ever vote one in, will focus on Hunter Biden's laptop, impeaching Biden for no reason other than childish revenge, keeping women from making their own reproductive health decisions, etc. etc.

Like Toto pulling back the curtain in The Wizard of Oz, these charlatans have been exposed.

Hopefully our country will have a positive outcome like Dorothy did.
