

Letter: 'Deranged citizens'

July 17, 2020

Thank God we have serious people in this society who will keep us safe from evil influences like the Paw Patrol and Superman.

There are actually deranged citizens out there who want to take Paw Patrol off the air because one of the characters wears a police uniform.

There was some nut job writer over at Time Magazine who claims that super hero characters like Superman is promoting white supremacy or some nonsense like that.

Anybody who knows their comic book trivia knows Superman was created by a couple of Jewish guys in World War II.

There were several issues that had Superman fighting Adolph Hitler and the Nazis.

Funny how the politically correct supporters of Black Lives Matter never bring up numerous examples of anti-Semitism in the Black Lives Matter manifesto.

Black Lives Matter even has the gall to go on and on about how evil Israel is supposed to be.

I have no idea what Israel has to do with civil rights in this country.

It is so sad how the bigots who run the political and racial spectrum from David Duke to Louis Farrakhan have never lived it down that Israel officially became a country in 1948. That was over 70 years ago!
