

Letter: Pure greed

July 12, 2023

The reason for the Klamath Dam removal project is 400 million dollars. !! Greed that's the real reason.

The Klamath River boasts the biggest and best steelhead and salmon fishing in the world. Many Indians go netting each year so obviously the number or size of the fish on the Klamath River and their safety is crap.

Greedy non Redwood empire people coming to make money on the demise of OUR LAND. REDWOOD EMPIRE (RESIDENTS SOUTH OF THE GOLDEN GATE BRIDGE) united and fight this atrocity.
