

Letter: Thank You

May 15, 2023

We would like to send a big THANK YOU to the entire Sutter Coast Hospital team.

Our Mother/Wife was recently brought to Sutter Coast in serious condition. We received excellent and compassionate care from everyone: Admitting, ER, Lab, Radiology, Medical Care Unit, Housekeeping, Dietary departments, as well as other employees who were not involved in her care but were helpful when we passed them in the hallway and looked lost. The entire staff made us feel very comfortable and well cared for.

We are proud to have Sutter Coast and all of its staff as part of our community.
