

Letter: Go away

August 13, 2023

Why in the hell are they rebuilding Dr Fine bridge? Are they really rebuilding the bridge or are they trying to divert Smith River like they did the Klamath?

They need to stay away from our rivers and our gold. Go away people.... Quit coming up here and stealing our resources and ruining our communities go back to your own counties that you're born in and go ruin them but stay away from ours.

Misty LeMunyon
